In this 4-week class students will learn a variety of techniques using watercolor on Arches #140 Cotton Linter watercolor paper. No previous experience needed, this is a beginner class in which everyone will learn to handle watercolor by learning the proper moisture of the medium which I feel is watercolor. The first lesson will be learning the proper materials and where you may purchase them. Marlene will bring extra pallets to use and watercolor paper for sale. Students will be expected to obtain their own materials after the first class. Marlene will continue to bring the paper for purchase as the classes proceed.

You will learn

- Loading watercolor in a pallet properly & use and care of brushes
- Wet into wet process, mixing color on the paper, adding details to pieces
- Working from a photo (drawing, tracing and transferring to your watercolor paper)
