

## Miniature Abstract in Watercolor Workshop

By  
Marlene Gremillion

Students will work very simple using watercolors and maybe some colored pencils and a little accent of acrylic or gold leaf.

We will use stencils for added detail with a variety of techniques.

The size will be no larger than  $\frac{1}{4}$  sheet of watercolor paper (15x11") maybe even smaller.

We will be drawing some abstract shapes with guidance from ordinary objects. I have an exercise all laid out for you. You will be surprised! You can never run out of creative ideas this way.

You should be able to complete 1-4 pieces in this 2 day workshop working at your own pace.

No previous experience in watercolor or abstract necessary. I will even have some extra pallets for you to borrow if you do not have any watercolors.

Students may contact me for questions:
