

## **Polymer Clay Workshop Supply List (Canes and Bowls)**

By Marlene Gremillion

Baby wipes small package

Paper towels or old hand towel

Rubber stamps if you have some

Plastic wrap or plastic deli wraps (this is for storing your canes)

If you have old canes, you have made and are not real fond of bring them.

Make sure you wear your glasses if you need them for close vision

Most of the supplies to work the clay I will loan to students. We will be sharing pasta machines. If you have a dedicated polymer clay pasta machine bring that.

The actual fee for the materials will cover the polymer clay in a variety of colors you will use to make your pieces.

The fee for materials is \$15 payable to instructor the day of the workshop.

Any questions feel free to contact me
